Data Inventory Worksheet

Instructions: Refer to the reference document, entitled *Opioid Data Source Inventory*, to obtain more information about potential data sources related to opioid surveillance. For each of the data sources listed in Column A, use Column B to indicate your current access to and interest in accessing the data source. For any data source where you indicated that you are using it, working on it, or stuck, use Column C to briefly describe how you could improve or accelerate your use of the data source and use Column D to outline your next steps.

A. Data Source	B. Describe your current access to and interest in using this data source?	C. How could your use of this data source be improved or accelerated?	D. What are your next steps?
Death certificate data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Coroner or medical examiner data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Emergency departments and/or hospital discharge data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Police data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		

Data Inventory Worksheet

A. Data Source	B. Describe your current access to and interest in using this data source?	C. How could your use of this data source be improved or accelerated?	D. What are your next steps?
911 call data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Emergency medical service (EMS) data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Syndromic surveillance data (via NSSP/Biosense)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Drug Enforcement Administration (DEA) Automation of Reports and Consolidated Orders System (ARCOS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		

Data Inventory Worksheet

A. Data Source	B. Describe your current access to and interest in using this data source?	C. How could your use of this data source be improved or accelerated?	D. What are your next steps?
National Survey of Drug Use and Health (NSDUH)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
National HIV Risk Behavior Survey (NHBS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Behavioral Risk Factor Surveillance System (BRFSS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Youth Risk Behavior Survey (YRBS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		

Data Inventory Worksheet

A. Data Source	B. Describe your current access to and interest in using this data source?	C. How could your use of this data source be improved or accelerated?	D. What are your next steps?
Prescription Drug Monitoring Program (PDMP) data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Claims data from All Payer Claims Database (APCD) or Medicare	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Clinical and pharmacy data from Electronic Health Record, health information exchange, or claims data	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Treatment Episode Data Set (TEDS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		

Data Inventory Worksheet

A. Data Source	B. Describe your current access to and interest in using this data source?	C. How could your use of this data source be improved or accelerated?	D. What are your next steps?
State Unintentional Drug Overdose Reporting System (SUDORS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
American Association of Poison Control Center's National Poison Data System (NPDS)	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Other, specify:	○ Using it → ○ Working on it → ○ Stuck → ○ Not now		
Other, specify:	○ Using it → ○ Working on it → ○ Stuck → ○ Not now
